

DLGS Winter School 2023

Friday 15.12.2023	Program
8:30	Registration <i>Saal</i>
9:00	Welcome and Introduction <i>Saal</i>
9:15-11:15	Workshop <i>Saal</i>
11:15-12:30	<i>Lunch</i>
12:30-14:00	Presentations <i>Saal and IOER Library</i>
14:00-14:15	<i>Break</i>
14:15-15:45	Presentations <i>Saal and IOER Library</i>
15:45-16:15	<i>Break</i>
16:15-17:45	Presentations <i>Saal</i>
18:00-18:15	Closure <i>Saal</i>

Session 1A | 12:30 – 14:00, Saal

Angelina Apostolou <i>Aristotle University of Thessaloniki</i>	Unveiling Urban Dynamics: A Critical Exploration of Planning and User Experience in the city-scape of medium-size cities, the case of Volos, Greece
Caspar Kleiner <i>IOER</i>	Form Follows Policy. Tracing the effects of policies on urban densification in the French-German border-region
Dalila Sicomo <i>University of Palermo</i>	Nature in the port: making the invisible visible

Session 1B | 12:30 – 14:00, IOER Bibliothek

Claire Gallacher <i>IOER/DLGS</i>	Pedestrian thermal comfort mapping for evidence-based urban planning; a low-cost, user-friendly, and interdisciplinary approach for the case study of Dresden, Germany
Ewa Szymczyk <i>Frankfurt University of Applied Science</i>	Quantifying urban shrinkage
Raghid Shehayeb <i>DLGS</i>	Cascading Multi-Risks for Urban Green Infrastructure: An Analysis of Drought and Heat Risks in Plauen, Germany

Session 2A | 14:15 – 15:45, Saal

William Ying <i>IOER</i>	Supporting Food Governance Through the Co-production of Scenarios and Simulations
Prashant Kumar <i>UNU FLORES</i>	Sustainable Industrial Parks: Navigating the Green Frontier through Integrated Investments and Policies
Philip Harms <i>IOER</i>	Personal and shared values of Nature - a pluralistic value exploration using the Q-method

Session 2B | 14:15 – 15:45, IOER Library

Simon De Boeck <i>University of Antwerp</i>	Street fights: Barcelona's Superblock
Sai Varsha Akavarapu <i>DLGS</i>	What does it take to Co-future? - A Systematic Literature Review Deciphering Institutional Capacities required to drive Participatory Foresight
Varsami Zafeiriou <i>DLGS</i>	Transformative capacities in urban planning for resilience: Addressing social vulnerability and inequalities for just urban futures

Session 3 | 16:15 – 17:45, Saal

Linda Maiwald <i>IOER</i>	Approaching transitions in the peripheral context - towards a conceptual understanding of place in transition studies
Rana Abdelkader <i>DLGS</i>	Towards a Healthy Built Environment: Introducing Healthy Space Index (HSI) for re-thinking the future of Health-promoting University Design
Lamiaa Ghoz <i>DLGS</i>	A framework for multi-stakeholder decision-making in the reuse of buildings through leveraging digital tools
